ajele (i feel you, kreis zwei; zh) joined zürichs underground electronic music scene in 1996. ever since she has - quite exceptional for a swiss dj - played all over the world. after initiating her first own label “chicks behind the decks” in 2002, she’s currently co-running the event “i feel you” at our favourite club cabaret in zürich. additionally she’s producing tracks together with klaus amrein (aka cooky) forming the project “kreis zwei”. (in 2009 they received the electronic award at the m4music demotape clinic contest.) ajele loves to play classy music in steamy clubs for an open minded crowd and she has a lot of experience in delivering sets for radio shows. we’re indeed honoured to finally welcome her in a comfortnoise podcast!
